

## QUICK REFERENCE GUIDE

**PasTime ENCORE Dealer**

Strike Acceptance has partnered with PasTime to offer wireless GPS protection “Encore” which requires no wired installation and activates in seconds. Here’s how to get started!

### Step 1: Place Your Order on the Online Order Portal

Order devices through the Online Order Portal, which can be found by accessing the link directly below:  
<https://secure.passtimeusa.com/OnlineOrdering/CodeSite/strikeacceptance.aspx?otag=sta>

### Step 2: Download the Mobile App to Connect Device with Vehicle

From your Android or iPhone, download the following app:

- PasTime Mobile Installer 

### Step 3: PART 1 - Activate the Device

- Refer to the Encore Installation Guide on the next page.
- Outside in an open area, remove red tape, and slide T-shaped Safe-T Battery Activation™ tab down to remove clear plastic backing
- Push down rubber plug and seal by pressing firmly
- Light Sequence:
  - Solid Green – Initializing bootup
  - Flashing Green – Activating GPS
  - Flashing Red – Connecting to Cellular Network
  - Solid Red – Initialization Complete (**No lights after initialization**)

### Step 3: PART 2 - Take a Photo & Place the Device

- Take photo of GPS where you plan to secure it in the vehicle.
- Use Zip Tie provided to ensure device does not move around.
- Recommended locations – under seat, under floorboard, or under passenger seat.

### Step 3: PART 3 - Log into the PasTime Mobile Installer app

- Log into the PasTime Mobile Installer app
  - Dealer #: 11956
  - Login ID: Dealers
  - Password: Dealers1
- Assign the consumer information and activate the device.
- **DO NOT allow vehicle to leave dealership before verifying account is set up and device is working.**

For detailed instructions, please refer to the PasTime/Strike Acceptance Quick Start Guide or contact your PasTime representative.

# INSTALLATION & ACTIVATION GUIDE

## ACTIVATION

1. Remove the Red Tamper Tape

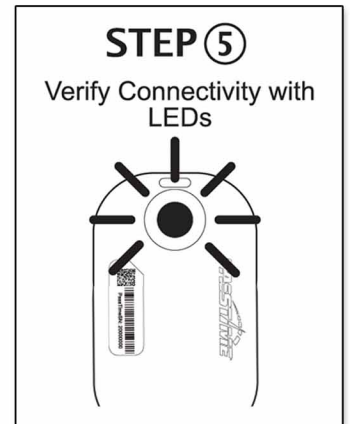

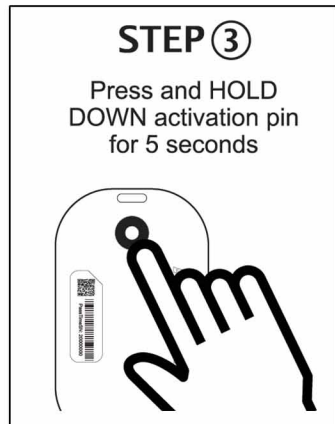

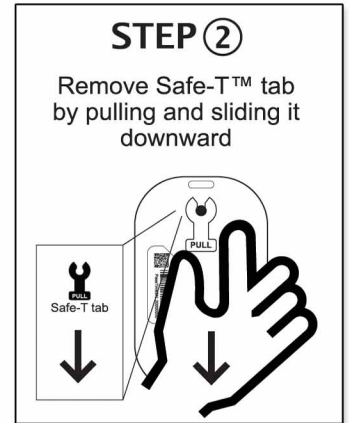

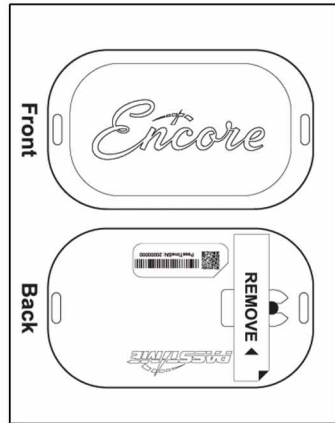

2. Remove Safe-T tab by pulling and sliding it downward

3. Press and firmly HOLD DOWN activation pin for 5 seconds

4. Apply round security cap adhesive disc

5. Verify Connectivity with LEDs

- Slow Flashing **Green**, then
- Slow Flashing **Red**, then
- Solid **RED**, then OFF

**FOR HELP CALL: 1-800-865-3260**

## MOUNTING THE DEVICE

- Mount the device with the LED/sticker side facing up towards the sky
- Mount the Encore unit in a secure, climate-controlled location leaving at least 1 inch of space from any solid metal (under the seat, inside the fairing or inside a side panel is recommended)
- If mounting under metal or inside metal framework, ensure at least a 1 3/4" x 1 3/4" opening immediately above the device
- Secure the device to avoid any movement

**DO NOT Place Device:**  
**Outside Vehicle • In Engine Compartment • In Taillight Enclosures**
